### After emptying:

- the bin is left with the lid open;
- the bin should be brought back to private ground as soon as possible.

The bins must be put out on the day of collection indicated on the Ecocalendar, by 21:00;

## THERE IS ALSO AN ECOBUS SERVICE!

## ARE YOU AWAY FROM HOME?

Use street bins only for occasional small items (dog excrements, sweet wrappers, ice cream sticks, cigarette butts, used bus tickets...)

Use the waste containers you find inside the university.

If you eat takeaway food, use the bins available in the shop or use the street bin closest to you.
